

Zydus' Baddi plant gets USFDA approval

Ahmedabad, July 25, 2011

The formulations manufacturing plant of the Zydus group at Baddi, Himachal Pradesh has been approved by the USFDA. With the approval in place, the plant which currently caters to the domestic and emerging market requirements, will commence supplies to the US markets.

Chairman and Managing Director, Zydus Cadila, Mr. Pankaj R. Patel said, "The USFDA approval for the Baddi plant enables us to open up an additional resource to cater to the growing needs of our US business."

The ultra modern Baddi plant was commissioned in 2004 and manufactures oral solid dosage forms which include hard gelatin capsules and tablets.
