

## **Zydus receives final approval from the USFDA for Glyburide and Metformin Hcl Tablets USP**

*The formulations manufacturing facility at Baddi will produce the drug for the US market*

---

*Ahmedabad, 01 March 2016*

Zydus Cadila has received the final approval from the USFDA to market Glyburide and Metformin Hcl Tablets USP in strengths of 1.25/250, 2.5/500 and 5/500 mg. The drug falls in the anti-diabetics segment and the group's formulations manufacturing site at Baddi will be producing the drug for the US market.

The group now has 103 approvals and has so far filed over 280 ANDAs since the commencement of the filing process in FY 2003-04.
